

# Minecraft Coding

**Mon - Year 5 (Time 15:20)**  
**Tues - Year 6 (Time 15:10)**

This course is designed for students who are looking to **learn to code** the games that they play every day. Minecraft makes coding **fun yet meaningful** as players learn and understand coding concepts that they bring to life in the game!

The participant can use a drag & drop interface which is highly intuitive. Coding concepts like variables, if/then/else statements and constructors will be learnt.

Start date: Monday, 28 Sept  
2020

End date: Tuesday, 8th  
December 2020

Half term break (no session):  
Monday 26 October - Friday 30  
October 2020

Number of classes: 10

To book online follow this link:

Cost: £100 (no Cash or cheque - online  
payment only)
