

PERFORMANCE CRICKET – SEASON PREPARATION

Hello everybody,

This year I will be running cricket sessions throughout the year at West Byfleet Junior School, in preparation for the cricket season. These sessions are aimed at a range of abilities; those who may already be playing lots of cricket or are attached to a club, or those who just want to try something different and have fun while doing so!

We will cover many different aspects of the sport. From learning new skills and tactics, brushing up on basics and introducing them to a range of games and drills that will support their progression. We will also cover different scenarios to improve children's 'match awareness', which will come with lots of math play and immersive activities. Children will be prepared for the cricket season and will be involved in matches and tournaments and, of course, there will be lots of fun-based activities too, to ensure maximum enjoyment!

About me....I have been playing cricket for over 20 years for my local club, Godalming. Although I love playing all formats of the game, I have a real passion for coaching. Being able to be part of the progress, development and enjoyment of both children and adults is something that I find to be incredibly rewarding. I run an ever-growing, independent cricket company called DD Sports, which offers 1:1 sessions, group booking and holiday camps. I am currently a Level 2 qualified cricket coach and I am working towards my Level 3, which will make me one of the youngest Level 3 cricket coaches in the country.
